The Harford County Public School System (HCPS) does not discriminate on the basis of race, color, sex, age, national origin, religion, sexual orientation, gender identity, marital status, genetic information, disability, or any other basis prohibited by law with regard to employment or conditions of employment, or participation in or access to its programs, activities or services. Inquiries related to the non-discrimination policy of the Board of Education of Harford County should be directed to the Supervisor of Equity and Cultural Proficiency at 410-809-6065.

A State Approved
Career and Technology
Education Program and
Career Pathway

The Teacher Academy of Maryland is a Career and Technology Education Program for the high school student who is interested in pursuing a career in education.

TAM offers students interested in the education profession an MSDE CTE program in the Education pathway of the Health and Human Services Career Cluster. This program is for students who are college bound. Students completing all four courses in the sequence will be eligible for college credits.

Teacher Academy of Maryland Coursework

HUMAN GROWTH AND DEVELOPMENT THROUGH ADOLESCENCE

This course focuses on human development from birth through adolescence. Emphasis is placed on theories of physical, cognitive, and psychosocial development. Also studied is the effect of heredity and the environment, the role of caregivers and the family, health and safety concerns, and contemporary issues.

TEACHING AS A PROFESSION

This course focuses on the profession of teaching – its history, purposes, issues, ethics, laws and regulations, roles, and qualifications. Emphasis is placed on identifying the current, historical, philosophical, and social perspectives of American education, including trends and issues.

Teacher Academy of Maryland Coursework

FOUNDATIONS OF CURRICULUM AND INSTRUCTION

This course explores teaching methods used to facilitate the developmental needs of all children. Students examine activities to promote learning, as well as classroom management strategies. Students will participate in guided observations and field experiences.

TEACHER ACADEMY INTERNSHIP

This culminating course provides the students with first-hand knowledge of the classroom from the teacher's perspective. Students have field experience in a classroom relating to their area of interest where they will work with a master teacher in various capacities.
